

Cypriot Realty 7- day tours to Cyprus

The best way to make a decision about buying a property abroad is by taking the time to view it for yourself.

Join me on a *customised* inspection tour this year to investigate the property opportunities in Cyprus. **I'll be there with you** as you experience the lifestyle aspects and look for your new home - making your "Plan B" in Europe a reality!

Your property inspection trip itself is personalized & you will have **your own representative** host you during the trip in order to make your time both an enjoyable and rewarding experience. Your agent will be at your disposal to address any queries that you may have on a 1-to-1 basis, dealing with you in a professional, confidential manner.
